FIRE DESTROYS FAMOUS CHURCH IN COPENHAGEN

Institution Widely Known for Its Splendid Settlement Work in Denmark—Industrial Training for Chinese Girls—Y. M. C. A. Work in Turkey—New Methodist College in Rome—African Boys Thirst for Knowledge
BY SOUTHERN MISSIONARY NEWS BUREAU
Ida Clyde Clarke—Editor

A cable dispatch from Copenhagen to the Methodist board of foreign missions at New York announces the destruction by fire of the widely known Jerusalem church, located in the Danish capital. The news was received with feelings of dismay, as the church was one of the most successful social service settlements on the continent of Europe. The property was valued at about \$100,000. Located close to the heart of the slum section of Copenhagen, the activities of the church had brought relief annually to tens of thousands of suffering people.

The latest report indicated that during the past year a total of over 100,000 days of employment was found for out-of-work. Permanent employment was found for 257 men and 140 women. About 1,420 days were spent by the volunteer workers of the settlement in nursing sick and aged people, while in the creche a shelter was given to small children of many mothers who have to work out during the day.

The paragon attached to the church has been used as a home for stranded men and during the past year night shelter was given to 9,787 persons. Often on cold nights homeless men would be permitted to occupy pews of the church as beds, the auditorium being especially warmed for that purpose. The mission has maintained a cheap restaurant, where for a comparatively small sum a good meal of wholesome food can be secured. At this church restaurant 8,842 meals were served last year.

The mission has a very interesting and effective work among the children of the very poor people in the neighborhood, including a babies' home for the little children of sick mothers, a kindergarten, two homes for orphans and a holiday colony for boys and girls from the slum sections of Copenhagen.

Under the leadership of Rev. Anton Baat, the superintendent of the church, the work has highly commended itself to the general public. The expense of this social service enterprise at the Jerusalem church, amounting to about \$20,000 a year, has been carried largely by the people of Copenhagen, the grant-in-aid from the board of foreign missions at New York being merely nominal.

Chinese Industrial Training

The Y. W. C. A. girls of Davidson Memorial, in Soochow, attended a conference in Shanghai, which was a wonderful revelation to them and helped them to forget self and live with a higher, nobler purpose. When the call came to this school last spring for volunteers for evangelistic work, almost the entire faculty of Chinese teachers volunteered, together with the matrons of the Kindergarten Training School and the Chinese secretary of the Industrial school. The sales of the Industrial school for 1913 amounted to \$7,966.75.

Y. M. C. A. in Turkey

A Young Men's Christian Association for Turkey has been organized in Constantinople. The Rev. Marcellus Bowen, D. D., agent of the American Bible society, is president of the managing board. It is interesting to see the cosmopolitan character of the new organization. The gentlemen who met together to discuss the organization and to prepare its constitution were found to represent the following religious denominations: three Presbyterians, two Congregationalists, two members of the United Free Church of Scotland, one of the church of England, one Roman Catholic, one Protestant Armenian, four Gregorian Armenians, one Protestant Greek, and four "Orthodox" Greeks.

Since the association will admit to membership any young man will long to aspire to a better life, it will not be a self-governing body. The whole of the interests of the association will be in the hands of a board of thirteen directors, with Mr. D. A. Davis, a trained secretary, as

FRANK D. RASH AT-TENDS CLASS REUNION

Alumni Meeting of Massachusetts School of Technology at Chicago

Frank D. Rash spent Friday and Saturday at Chicago and Gary, Ind., attending a class reunion and meeting of alumni of the Massachusetts School of Technology. Some two hundred and more attended the reunion and men of more than national fame in the scientific world were on the program. A trip to Gary to visit the great plant of the United States Steel Corporation, as guests of that concern, was one of the features of the occasion, the trip being made on a special train. The steel plant with its wonderful machinery and modern processes, all on the most gigantic scale, was inspected by the men of science with interest. Numerous plants of various kinds in Chicago were visited, and the entertainment in that city was varied and complete.

Birthday Party at Home of Little Lady Much Enjoyed

Little Miss Lora Belle Martin, daughter of Mr. and Mrs. W. N. Martin, entertained a number of her friends at her home on Moss Avenue Monday afternoon in honor of her sixth birthday. About a dozen of her little friends were present and numerous games were played and other amusements were enjoyed for sometime, after which refreshments were served by the hostess's mother. Beautiful decorations were made in evidence and the birthday cake and candles was a feature worth much note. The young lady was well remembered by her friends with many beautiful and useful gifts, which proved her popularity and were marks of best wishes for many, many happy returns of this most enjoyable day.

Hart-Martin

Miss Cora Lee Hart and Mr. Robert Martin were married at the residence of his Uncle, Ballisor, Hobart, Okla., on Feb. 14. Miss Hart is the daughter of Mr. and Mrs. T. R. Hart, of Elizabethtown, Ky., and a popular young lady. Mr. Martin is an old Earlinton boy and has a number of friends here who will be glad to hear of his good luck.

BENTON TRIED TO KILL VILLA

Is The Story Told by Rebel Leaders at Juarez

WAS COURT MARTIALED

El Paso, Tex., Feb. 21.—The official constitutionalist version of the death of William S. Benton, in Juarez, was made public today, and asserts that Benton tried to shoot Villa, who was present at the court marshal, was represented by counsel in the person of a rebel officer, and that the proceedings were public. The court marshal also sets forth that Benton was convicted of aiding the enemy.

Friends here declare that Scotsman never went armed, because of his violent temper, and that he was deliberately murdered. Benton's testimony, given indirectly, was that he refused to stay away from the Mexican ranch at Villa's orders, didn't try to harm Villa and didn't aid the enemy.

Bryan has Ordered Investigation of Death

Washington, Feb. 21.—Secretary Bryan has ordered a far reaching investigation into the killing of William S. Benton, the British Subject at Juarez, Mexico. He announced today that until all the facts are gathered from all sources and transmitted to Great Britain and state department that he wouldn't express an opinion.

Explanation by Gen. Villa to Thos. D. Edwards and George C. Carothers, American consular representatives at Juarez, together with the court martial records, will be supplemented by further information.

The state department's advice today giving Villa's version were that Benton was armed and personally quarreled with Villa, and that he was disarmed, tried by a court martial and executed for attempting Villa's life.

If your child is pale and sickly, picks at the nose, starts in the sleep and grinds the teeth while sleeping, it is a sure sign of worms. A remedy for these parasites will be found in WHITE'S CREAM VERMIFUGE. It not only cleans out the worms, but it restores health and cheerfulness. Price 25c per bottle. LARGE CLASS FOR INITIATION

Rizpah Will Hold Ceremonial in Madisonville Monday Afternoon in Masonic Temple

NICE PROGRAM GOTTEN OUT

Flashy programs in brilliant red announcing a ceremonial for Rizpah Temple, A. A. O. N. Mystic Shrine for Monday, March 2nd, have just been mailed to some 600 Nobles and 'big doings' are anticipated by Madisonville Shriners on this date.

After having the date changed twice during the past three months for various reasons, everything is now in readiness for the ceremonial, and the indications are that the largest number of candidates since the Shrine has been in Madisonville will be initiated on that date. There are at least 300 petitions now in, and while it is not likely that this number will receive this degree, still the class will be about the largest ever. There are many Madisonville Masons who will have this degree conferred at this meeting, as well from many other towns in Western Kentucky, several coming from Henderson, Owensboro and Providence.

Following the work at the temple, a Buffet Luncheon will be served at 6 o'clock and 'A Modern Eve,' a high-class musical comedy, with a cast of 35 people, will entertain the Nobles at the Garrick Theatre later.

The program, prepared by Frank Rish, of this city, is very nifty, consisting of four pages well gotten up and tastily arranged.

EARLINGTON WELL REPRESENTED AT HENDERSON

Golden Jubilee Celebration of the Knights of Pythias Held Sunday

Messrs. Ernest Newton, Mari on Sick Clarence Higgins and Otley Vannoy attended the Golden Jubilee celebration of the Knights of Pythias, held at Henderson Sunday. It was in celebration of the fiftieth anniversary of the founding of the order by Justice Henry Rathbone in the City of Washington, D. C. in 1864. The program was a strong one, beginning at two o'clock in the afternoon in Park Theatre. Splendid musical numbers were rendered and several strong addresses were made. Among the notable speakers of the occasion was Prof. McHenry Rhoads, supervisor of high schools for the State of Kentucky.

ENGLAND WILL NOT INTERVENE

London Papers Call Killing of Benton Foul Play

OUT OF HUMOR WITH ACTIONS OF AMERICAN ADMINISTRATION

London, Feb. 23.—"The pacification of Mexico is an object we honestly desire to see accomplished, but it is impossible to effect it by British intervention. We do not intend to make any attempt of that character, which would be both futile and impolitic."

This is the attitude of the British foreign office as outlined today in the house of commons by Francis Dyke Acland, parliamentary undersecretary for foreign affairs, "after full consideration of the series of victimizations of British subjects in Mexico, culminating in the removal of William S. Benton by Villa at Juarez."

Press Comment

The newspapers, while awaiting the result of the inquiry instituted by the United States Government, are practically united in condemning the action of Villa, which some of them regard as nothing less than murder.

The Standard editorially expresses discontent at what it considers the British Foreign Secretary's mild attitude toward the United States, and says:

"Sir Edward Grey seems inclined to treat the murder of Benton with cool philosophy, altogether out of harmony with the feelings of the nation. We desire to remain on the friendliest terms with the United States, but cannot waive the duty of protecting our nationals abroad or we shall cease to be a great power. And we cannot permit the crime to go unpunished merely because President Wilson and Secretary Bryan may inconceivably adopt Villa's defense of the murder as a justifiable execution."

Called Murder

The Pall Mall Gazette, an opposition organ, under the heading, "It's Murder Most Foul," says the slaying of Benton is an event which touches the honor of the British name to the quick. The newspaper says:

"Even if the body which was styled a court-martial really assembled, and even if its sentences were based on true evidence and fair consideration thereof, Villa and his revolutionary bands had no status as belligerents which entitled them to try the subject of other Powers by court-martial. If this pretense as a court-martial should be the only result of the inquiry being made by the United States Government, the obligation of the United States to act as the mandatory of civilization will remain."

RIVER MAY REACH FLOOD STAGE TODAY

Forecaster at Evansville Believes Crest
Will be Reached Monday

Evansville, Ind., Feb. 21.—
While saying there is not enough
water in sight to warrant pre-
dictions of a forty-foot stages of
the river here, Weather Forecas-
ter Brand Saturday issued warn-
ings that the flood stage of 35
feet would be reached here Sun-
day afternoon or Monday morn-
ing, and that he expected the
rise in the river to continue for
the next four or five days at a
decreasing rate. The gauge at
Evansville at 7 o'clock Saturday
night showed 29 feet of water,
and the rise is continuing at
about 1 foot an hour.
The weather throughout the
upper valley is reported clear
and no rain is expected, increas-
ing the hope for a stand in the
river early next week. Weather
Forecaster Brand expects a 36
foot stage.

Warning was sent to employes
of the Ohio River Contract Com-
pany Saturday that the Ohio
river stage would be 40.5 feet
by Wednesday. The company
maintains a river observation
bureau of its own, and the re-
ports of heavily melting snows
in the mountain districts in the
headwaters is responsible for the
warnings.

The river at Evansville rose 1
foot from 6 o'clock Friday night
to 6 o'clock Saturday morning,
and the rise showed no disposi-
tion to cease at noon. Farmers
throughout the country have
been warned to move all val-
uable damageable by thirty-
five feet of water. Weather
Forecaster Brand said Satur-
day that the prediction
would be subject to change Mon-
day when he received full report
from all points upstream.

SEVERE BRONCHIAL COUGH

Doctors Feared Lung Trouble,
Restored to Health by Vinol.

The medical profession does not be-
lieve that lung troubles are inherited,
but a person may inherit a weakness
or tendency to them.

Mrs. Kate Heckman, Springfield,
Ohio, says: "A few years ago I was
in a very bad run-down condition,
and the physician told me I had consump-
tion. I tried another physician, and
he told me I had ulcers on my right
lung. I quit the physicians and
started on 'Vinol.' Today I am
perfectly healthy, and that is why I
recommend 'Vinol.'"

Vinol soothes and heals the inflam-
ed surfaces and allays the cough.
Vinol creates an appetite, strengthens
the digestive organs and gives the
patient strength to throw off in-
cipient pulmonary diseases.

Try a bottle of Vinol with the un-
derstanding that your money will be
returned if it does not help you.

In Memoriam

The grim messenger of death
has invaded our home again and
taken from us our dear sister,
Mrs. Anna Hays, age 37 years on
Feb. 15th at 8:45 a.m. at her
home in Mortons Gap, Ky. after
a long illness of tuberculosis.
Anna had been a consistent
member of the General Baptist
church from early childhood and
bore with Christian fortitude
her long and fatal illness. She
was a devoted wife, a kind and
loving mother and leaves to
mourn her loss a devoted hus-
band, six dear children, 2 sisters,
a brother and a host of friends
who so tenderly administered to
her every need during her linger-
ing illness. Kind and loving
hands laid her mortal remains to
rest in Old Salem burying ground
near Mortons Gap after services
at the church by the pastor, Rev.
Sick.

Sleep on, dear sister until the
Resurrection Morn. Then, as
the trumpet is calling the right-
eous to come forth, we will meet
you again where there is no more
sorrow, no more parting but all
is love, peace and joy. May the
God you loved and served watch
over the dear ones left behind
and guide their feet in the way
that leads to Eternal life is the
prayer of her sister,

May.

CHILDREN HATE OIL. CALOMEL AND PILLS

"California Syrup of Figs" Best For
Tender Stomach, Liver, Bowels
—Tastes Delicious

Look back at your childhood
days. Remember the "dose"
mother insisted on—castor oil,
calomel, cathartics. How you
loathed them, how you fought
against taking them.

With our children it's differ-
ent. Mothers who cling to the
old form of physic simply don't
realize what they do. The chil-
dren's revolt is well-founded.
Their tender little "insides" are
injured by them.

If your child's stomach, liver
and bowels need cleansing, give
only delicious "California Syrup
of Figs." Its action is positive,
but gentle. Millions of mothers
keep this harmless "fruit laxa-
tive" handy; they know child-
ren love to take it; that it never
fails to clean the liver and bowels
and sweeten the stomach, and
that a teaspoonful given today
saves a sick child tomorrow.

Ask your druggist for a 50-cent
bottle of "California Syrup of
Figs," which has full directions
for babies, children of all ages
and for grown ups plainly on each
bottle. Beware of counterfeits
sold here. See that it is made
by "California Fig Syrup Com-
pany." Refuse any other kind
with contempt.

SAILOR HATS AND FLORAL HATS

New York, February 13.
We have been hearing of the Cubist and Futurist movement in art, but it is hardly realized by conservative people what a way this movement is having upon architecture, furniture, and clothes. It is a passing whim or a permanent mill-hoe, according to the views you take of this new school of art.

Recently, a progressive store in New York City advertised an exhibition of six gowns made by the famous Poiret, to be shown on living models, whose hair in each case would match the gown she wore.

As a setting to these Poiret creations, a space was set apart and arranged as a salon, with Cubist furnishings. The rugs were woven in cubes of brilliant contrasting colors. The furniture was built upon the simplest, squarest lines, painted a loggy gray and ornamented with a small stiff floral design. The jardiniere were square, and held plants carefully clipped to conventional squares and circles, reminding one of the trees in a child's Noah's ark.

Dark Green, Poplin-Serge Coat, Bound With Black Silk Braid

The models, who strolled nonchalantly back and forth, or seated themselves comfortably for a moment's rest, were completely at one with their environment, as their gowns were in Cubist colors, and their combination of red, green, purple, and orange. The girl wearing an orange and blue Roman stripe waist and tunic had hair of orange. Another, wearing a costume where red and blue were the predominant colors, wore a wig of red.

A bright blue wig was worn with a changeable blue and green tulle evening dress. A draped panther widened either side of the skirt, and the simple waist, with body and sleeve in one, was trimmed with a wide border of silver lace. In front it was caught by a large rose of silver gauze.

It is obvious that the French adaptation of hair to gown is impractical, but the gowns fashioned to meet the approval of the fastidious eye of Poiret were full of charm and helpful suggestions.

A wonderful gown of purple, with sleeves and yoke of rosy red, had a skirt with rather a long gathered tunic, on either side of which fell a panel of red. With this was worn a purple cowl, probably the least objectionable of the Parisienne's love for bizarre expressed vividly in this unnatural hair.

SPECIAL TO WOMEN

The most economical, cleansing and germicidal of all antiseptics is

Paxtine

A soluble Antiseptic Powder to be dissolved in water as needed.

As a medicinal antiseptic for douches in treating catarrh, inflammation or ulceration of nose, throat, and that caused by feminine ills it has no equal. For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been cured say it is "worth its weight in gold." Owen Introduces Child Labor Bill in Senate—Leading Virginians Endorse it

Senator Owen of Oklahoma introduced on Saturday the same federal child labor bill which Mr. Palmer of Pennsylvania last month presented in the House. It applies to factories producing goods for interstate commerce the 14-year age limit already in force more or less comprehensively in forty states. It regulates the employment of children under 16 by limiting their working hours to eight in one day, and by prohibiting entirely their employment at night in mills, factories or workshops and at any time in mines or quarries.

The Virginia State Child Labor Committee has unanimously endorsed the bill, and this action by citizens of the old stronghold of States' Rights is considered by Owen R. Lovejoy, general secretary of the National Child Labor Committee to be an indication of the increasing demand by consumers for goods that are free from the taint of child labor. Mr. Lovejoy says further:

"The National Child Labor Committee is actively working for the passage of this Owen-Palmer bill. It is the first time a federal bill has been introduced which is comprehensive enough to be worth while and simple enough to be enforceable; and we are advised by able lawyers that the provisions of the bill are constitutional. It has been introduced by Democrats but we hope it will be supported, regardless of party lines, by all who believe that young children should be freed from the burden of wage-earning and that older children should be protected from overwork and the dangers of mining."

Temblor as a Barometer.
Upton, near Peterborough, one of the smallest parishes in England, numbering only fourteen houses, possesses a mysterious tombstone of black marble, which emits a damp ooze in patches when it is about to rain. It is regarded in the village as an infallible barometer.

Pay Your Subscription and get a Barrel of Sugar, a Barrel of Flour or 25 pounds of Coffee.

How it is done. For every dollar you pay on subscription you will be given a receipt with a number on it, keep this receipt until the 30th day of April. On that day the sealed envelope in the Earlington Bank will be opened and the three tickets with numbers on them taken out.

One of these tickets will call for a barrel of sugar, one for a barrel of flour and the other for 25 pounds of coffee, if you hold the corresponding number to the one calling for the barrel of sugar you get it and the same applies to the flour and coffee. In case all the numbers should not be given out the next number gets the premium. No one knows what the winning numbers are. Any one who pays a dollar on subscription stands a chance to get one of the premiums. Begin today and pay your subscription and get your receipt. Some one will get a barrel of granulated sugar for \$1.00 and it may be you. In addition to this we give each subscriber "Reliable Poultry Journal" one year FREE, this is something every one who raises chickens should have and the regular price is 50cts.
